CHOOSING THE BEST SIZE

To measure your clothing size, please follow these simple instructions:

CHEST

Run a flexible fabric tape measure around your chest, just below your armpits. Be sure to keep the tape measure horizontal for an exact measurement.

WAIST

Wrap the tape measure around the narrowest part of your waist. Be sure to keep the tape measure horizontal for an exact measurement.

IMPORTANT INFORMATION

Jersey sizes listed on this guide are the physical garment size. When selecting your size, please add 3-4 inches to that of your actual size, when selecting your garment for a comfortable fit.

Short sizes listed are to fit. For example if you are a 36inch waist and select a Large short, this should fit your waist with comfort.

All garments are subject to a 1inch tolerance and may slightly differ from that shown on the aforementioned size guides.

PLEASE NOTE

It is the customers responsibility to select the correct size, so please be as attentive as possible.
